880 WESTRIDGE DRIVE | PORTOLA VALLEY

www.LaQuintaHermosaPV.com

Never before on the market, this landmark property was built in 1957 for the late Bill and Jean Lane of Sunset Magazine, a legendary West Coast publishing house with roots dating back to 1898. The rare and unrivaled setting encompasses almost 10 acres of glorious land – one of the largest parcels available in central Westridge, the most sought-after area in all of Portola Valley. Vast open meadows, magnificent gardens, and endless views reaching out to Windy Hill are all-encompassing and sublimely private, yet 2 miles from every convenience.

The main residence, designed by noted architect Cliff May, is a grand, yet understated, architectural achievement in the California adobe style with tile floors, beamed and paneled vaulted ceilings, and skylights at every turn. Floor-to-ceiling windows and glass doors take full advantage of the sweeping views, and the entire design invites entertaining, which was likely often for a family this notable. The one-level design includes 5 bedrooms, 4 with en suite bath, and a total of 5 bathrooms. Adding to the accommodations is a guest studio with adjoining private office plus a separate 1-bedroom guest house. Full equestrian facilities can be found at the 3-stall barn with riding ring plus there is a pool and spa that blend in seamlessly with the natural beauty of the surroundings and vast stretches of level lawn.

Surrounded in absolute privacy with a position set far back from the street, this property is bordered on one side by Westridge Trail leading to miles of Portola Valley trails for hiking, biking, and horseback riding. Almost 10 acres in Westridge, a legendary past, architecturally significant home, and endless views – this is truly a once-in-a-lifetime opportunity to own a landmark estate for yet another generation to come.
