Every detail reflects careful craftsmanship – from the hickory floors and handmade cabinetry to the soaring beamed and trussed ceilings and extensive millwork. The spacious floor plan offers flexibility across two levels, with 5 bedrooms and 4 full baths, including a luxurious upstairs primary suite with private balcony, sumptuous bath, and oversized walk-in closet. Two additional bedrooms and a full bath are also located upstairs, while two main-level bedrooms with direct access to a shared bath provide ideal accommodations for family, guests, or remote work needs. The formal living/dining room flows into a beautifully appointed kitchen with handcrafted rift maple cabinetry, granite countertops, and premium appliances along with an open family room. A wine bar with custom racking and hand-forged iron cabinet fronts is complemented by peninsula counter seating perfect for casual dining or entertaining. Outdoor living is equally compelling with an expansive rear yard designed for entertaining – complete with fireplace, lush lawn, and private patios bordered by mature foliage.

A 4-car tandem garage with built-ins and overhead storage plus a detached oversized workshop and extensive full-height attic offer outstanding storage.
