

TIMELESS APPEAL IN A COVETED NEAR-TOWN CUL-DE-SAC

Classic architecture and beautifully curated grounds define this inviting Woodside home set on more than one-third acre just moments from the town center. Stone-clad exteriors, newly planted lawns, and a picture-perfect approach introduce interiors that are warm, welcoming, and thoughtfully designed for everyday living with abundant storage throughout.

Natural light fills the home through expansive windows, highlighting hardwood floors, detailed millwork, and a floor plan that offers both openness and comfortable separation of spaces. The main living areas transition easily from formal rooms to more casual gathering spaces, including a welcoming family room and a well-appointed kitchen designed for both function and connection. A lower-level recreation/media room adds flexibility for entertainment, relaxation, or office use, if needed.

Four bedrooms include a privately located primary suite with jetted tub and steam shower, plus a bedroom with its own outside entrance and adjacent bath – ideal for guest quarters. Outdoor living is a central focus, with a large arbor-covered deck extending from the home and terraced grounds below featuring a play area and garden spaces, all enhanced by refreshed landscaping.

Located on a cul-de-sac street in the Woodside Glens neighborhood less than one mile to the town center, this home is served by acclaimed Woodside School and offers a wonderful combination of traditional appeal, updated comfort, and an exceptionally convenient setting with a true sense of retreat.
